

DISTRICT EMPLOYEE SUED FOR DIVORCE

Cruelty Alleged by Mrs.
Leona B. Helm in
Petition.

Telling of two alleged instances of cruelty and charging desertion, Mrs. Leona B. Helm today filed in the Supreme Court of the District a suit for a limited divorce and alimony against her husband, Edgar E. Helm, a clerk in the employ of the District government.

Since October 24, 1909, the couple have not been living together, according to the petition, but until September 15, last, Helm has paid his wife \$80 a month for the support of herself and two children, a son, nineteen years old, and a daughter, thirteen years old. Mrs. Helm asks the court to compel her husband to continue the payments of \$80 per month, an allegation of cruelty made by Mrs. Helm is that about three years ago her husband rushed at her and struck her a blow on the side of her head, causing a black and blue mark, and necessitating her keeping her bed for four days.

Another accusation is that shortly after the first alleged assault he threw her to the pavement in front of their home, 1412 Massachusetts avenue northwest, injuring her hip and spine. As a consequence of this injury, she alleges, an operation was performed on her in January, 1909, and a portion of her spine was removed.

Mrs. Helm states in her petition that she received a letter from her husband, "apparently written by an attorney," making overtures for a reconciliation, but she says after an interview she became convinced that he was not sincere. She adds that only last week he declared he would never live with her again and that she would have to have the cost of the support of her children.

The salary of Mr. Helm is \$1,500 a year, according to the petition.

Edward L. Giles represented Mrs. Helm in her action.

A rule was issued requiring Mr. Helm to appear in court on Friday and show cause why he should not pay alimony.

PETE IS BACK HOME, AND GLAD OF IT, TOO

Like the proverbial cat, Pete, the black-and-white bullock, which belongs to the equipment of the Presidential yacht Mayflower, came back, and is today being petted by the crew.

Peter has wandered prowlies, and on October 2 hid himself to parts unknown, causing great concern to his friends at the Navy Yard. His description was advertised in the newspapers and a reward was offered for his return, but it remained for Pete to return without an escort.

Pete is the gift of Mrs. Theodore Roosevelt, being aforesaid gift because of his unkindness toward White House callers during the Roosevelt regime. Several diplomats and friends of the strenuous President did not look good to Pete, and because of that fact his dogship was donated to the crew of the Mayflower and became a pronounced favorite.

DROP OF MERCURY DUE FOR CAPITAL

Storm King's Arrival in
Washington Scheduled
for Tomorrow.

The Storm King is riding out of the West upon Washington and tomorrow night his grip will be upon the District. Those discomfiting vassals, rain and snow, are expected to ride with him.

Unsettled weather, with rain, perhaps falling to snow Tuesday, the Weather Bureau predicts for the District, and the forecast is that temperature, which today scored a cheering maximum of approximately 50°, will be at the freezing point by tomorrow night.

The fall of the mercury is predicted to begin tomorrow morning, after which there will be a steady decline. The minimum this morning was 23 degrees, but the rising of the temperature later in the day will make tomorrow's fall the more noticeable.

The center of disturbance in atmospheric conditions was over the lower Ohio valley this morning, Kentucky being the main sufferer. The storm which came in from the west is moving steadily eastward, and already has caused snow in the upper Mississippi valley and the Lake region and even farther east as the interior portions of the North Atlantic States.

Unsettled weather prevails everywhere east of the Mississippi river. In the South weather is much warmer, but in the main States and in the upper Mississippi valley it is decidedly colder.

ITCHING RASH ON FACE AND NECK

Cured—Scratched Until Face was
Mass of Raw Flesh—Used Cuti-
cure and had First Good
Night's Sleep in 3 Months.

"An itching rash broke out on my face and neck, so bad that I scratched it until my face was a mass of raw flesh which kept me awake all night. After going to my family doctor, he not helping me, I tried another doctor but without success. After doctors failing, a friend recommended the Cuticura Remedies. That night, after washing my face and neck with Cuticura Soap, I applied some Cuticura Ointment and had the first good night's sleep in three months. I used about two lots of Cuticura Soap and Ointment when you could not see a mark on my face or neck. I will gladly recommend the Cuticura Remedies to anybody. Wm. Silver, 346 West 38th St., New York, Mar. 1, 1910."

In another letter Mr. Silver says, "My case was of about two years' standing. After using Cuticura Soap and Ointment for about three days I saw a decided improvement and was entirely cured in two months."

For the prevention and treatment of itching, burning, scaling eruptions and the promotion of permanent skin and hair health, Cuticura Soap and Cuticura Ointment are absolutely unrivaled in purity, efficacy and economy.
